

**8** Macho Nacho

(1,4,7,10,13,16,19)

The diagram shows a rectangular formation of 19 skydivers. The front and back rows each consist of seven skydivers in a line. The middle row consists of five skydivers, each positioned between two skydivers from the front and back rows.

(inter)

360°  
All

The diagram illustrates a transition from the Macho Nacho formation. It shows the front and back rows of seven skydivers each, with the middle row of five skydivers positioned between them. A curved arrow indicates a 360-degree rotation for all skydivers.

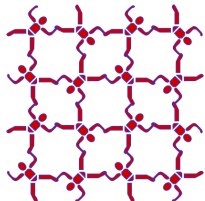

Macho Nacho

(2,5,8,11,14,17,20)

The diagram shows a rectangular formation of 19 skydivers, identical to the first Macho Nacho formation. The front and back rows each consist of seven skydivers in a line, with five skydivers in the middle row positioned between them.

**F** Donut Jewel

(3,6,9,12,15,18,21)

The diagram shows a square formation of 21 skydivers. The front and back rows each consist of seven skydivers in a line. The middle two rows each consist of three skydivers, positioned between the skydivers of the front and back rows.
